PRESS RELEASE

FOR IMMEDIATE RELEASE

Renewable Energy and Power, Inc., opens sales and distribution center in Arlington, TX

Will service the Southwest with LED lighting, solar and wind power

N. Las Vegas, NV, April 22, 2016 — [Renewable Energy and Power, Inc.](http://www.reappower.com), (OTC: RBNW), a diversified corporation with markets in energy-saving technologies of both solar and wind energy, and LED lighting, is pleased to announce that the Company has opened a sales and distribution center in Arlington, Texas, to service residential and commercial customers in the South Central region with REAP products.

“The next center opening will cover the Northeast region, with centers to follow in the Southern, Midwest and Northwest areas,” said CEO Donald MacIntyre. “In addition to making our products readily available in every market, the centers will also handle the installation and on-going maintenance at the lowest possible price to give our customers the easiest, most effective means for upgrading their lighting and power needs.”

This initial sales and distribution center will be overseen by Mr. Perry Barker for REAP’s GoToGreenlights division (www.gotogreenlights.com). It will be located in Arlington, Texas, and may be contacted at (214) 437-1599, <mailto:perryb@reappower.com>.

Renewable Energy and Power, Inc.'s website, www.reappower.com, illustrates the important services and products Renewable Energy and Power, Inc. (REAP) provides to the Green Energy market to make it competitive with fossil fuels by employing proprietary new technologies in combination with existing solar and wind-power electric generation and LED lighting. REAP functions in both domestic and international markets that are in vigorous growth stages with long-term prospects. Federal and state legislation in the United States, including many tax incentives, are driving businesses and consumers to replace older technologies with the new solar and LED alternatives offered by REAP.

Safe Harbor Act: Forward-Looking Statements are included within the meaning of Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements regarding our expected future financial position, results of operations, cash flows, financing plans, business strategy, products and services, competitive positions, growth opportunities, plans and objectives of management for future operations, including words such as "anticipate," "if," "believe," "plan," "estimate," "expect," "intend," "may," "could," "should," "will," and other similar expressions are forward-looking statements and involve risks, uncertainties and contingencies, many of which are beyond our control, which may cause actual results, performance, or achievements to differ materially from anticipated results, performance, or achievements. We are under no obligation to (and expressly disclaim any such obligation to) update or alter our forward-looking statements, whether as a result of new information, future events or otherwise.
