PRESS RELEASE

FOR IMMEDIATE RELEASE

RenewableEnergyandPower,Inc., Stocks Sales & Distribution Centers with Shipping Containers from Overseas Distributors

Gives Customers Fast and Low-Price Service for LED Lighting Needs

Renewable Energy and Power, Inc., (OTC: RBNW), a diversified corporation with markets in energy-saving technologies of LED lighting, solar and wind energy is pleased to announce that the Company is now receiving a wide variety of LED lighting from overseas distributors via shipping containers of product.

"This mass importation of the latest LED lighting products allows our Company to service customers quickly and at exceptionally competitive prices," said CEO Donald MacIntyre. "Lower volume specialty products will still be imported by air-freight; but mass-volume shipping containers for more customary LED Lighting requirements makes our products readily available in every market on a timely basis at the best possible pricing."

Renewable Energy and Power, Inc.'s website, www.reappower.com, illustrates the important services and products Renewable Energy and Power, Inc. (REAP) provides to the Green Energy market to make it competitive with fossil fuels by employing proprietary new technologies in combination with existing solar and wind-power electric generation and LED lighting. REAP functions in both domestic and international markets that are in vigorous growth stages with long-term prospects. Federal and state legislation in the United States, including many tax incentives, are driving businesses and consumers to replace older technologies with the new solar and LED alternatives offered by REAP.
